BUSINESS MEN ASKED TO MEET OCTOBER 4TH

Preliminary meetings have been held for the purpose of planning better management for our winter sports activities and park. This project is growing at a rapid rate and it was clear to most of those interested that some arrangements should be made to place it on a better business footing.

Accordingly Wm. Hill, of the Kerry & Hanson Flooring Co., a gentleman well versed in business organization, has drawn up a plan for taking care of the affairs of the association. The plan was submitted at a meeting held at the winter sports park Sunday afternoon and it met with unanimous approval. The plans provide for a large board of directors that will be comprised of nearly all the business men of Grayling. And there will be an executive committee upon whom most of the management will be vested. And there will be the usual officers.

Special Meeting Called For October 4th

In order to bring this matter to the attention of all of our business men and others interested, a meeting will be held in the Court House on Thursday evening, October 4th at 8:00 o'clock.

This is a matter that should interest everyone in Grayling and there should be a well attended meeting. Besides formally electing the board of directors, the officers for the ensuing year will be elected at that time.

Please, Mr. Business Man, be at the meeting. If you are not interested personally in winter sports, you surely are interested in Grayling. The date is October 4th at 8:00 p. m. at the Court house.

Survey Insect Life On Trout Streams

In a project sponsored by the Michigan Emergency Conservation Work office, Professor W. F. Morofsky of Michigan State college is conducting a survey of the insect life on certain trout streams in the lower peninsula of Michigan.

Morofsky has been granted a leave of absence in order to make the study. It is intended to show, among other things, the relative abundance of the various species of insect on improved and unimproved trout streams.

Morofsky will probably complete his work by mid-November.

"Perfect" Murders

"Perfect" murders were committed in Asia not many years ago with the aid of cobras. One of a pair would be killed and dragged to the bedside of the victim. The mate would follow the trail and, coiled near the sleeper, would strike him when he awoke and disturbed it in the morning.

REFUSE TO DEAL WITH REAGAN

J. R. Benroth states that a telegram would be sent the State Welfare department Saturday by the Crawford County Welfare union saying that they refused to deal with Francis Reagan, state representative, and for the department to send a representative with whom they could deal. And it was intimated that in case the department failed to comply by Monday with the request of the strikers that they would proceed to organize unions in counties bordering on Crawford county.

This far we have heard of no official coming here to meet the union representatives, and, we have been informed, a meeting was held in Frederic Monday at which time six members were selected to take up the work of organization of welfare workers unions in bordering counties.

MASONS ENJOY SOCIAL EVENING

About 40 members of the Masonic and Eastern Star lodges, and their husbands and wives, enjoyed a social evening at Masonic temple Friday evening. The occasion was planned for the presentation of pastmaster aprons to former pastmasters of Grayling lodge.

Former pastmaster M. A. Bates made the presentation and new pastmasters George Schaible and Otto Failing are owners of one of these cherished tokens which go only to those who have by their Masonic loyalty, earnest effort in behalf of the order and their service in the highest office the lodge can confer, rightfully earned them.

Following the presentation of the aprons Mr. Bates gave a resume of the early history in Michigan Masonry. And Pastmaster Clayton Strachey gave an address on the subject of "thought," pertaining to such thoughts as naturally should come to one who is about to make application for membership in the Masonic fraternity.

Following the program of the evening the ladies of the O.E.S. served an appetizing and enjoyable lunch. The remainder of the evening was spent playing cards and visiting. Everyone speaks of the occasion as a very delightful social affair. Card prizes were won by Mrs. Luther Herrick for pino; Mrs. William McNeven, "500" and Otto Failing for pino.

HOW THE WOMAN PREACHER ENDED THE "ETERNAL TRIANGLE"

Discussing the unusual case of an evangelist who wrote, "I am a game loser"—But after her little daughter tracked down the "vamp" she thought had stolen her husband's love, she ruthlessly shot her down. Read the article in The American Weekly with Sunday's Detroit Times.

Tobacco is a Cigar

The average cigar contains about ten times as much tobacco as an ordinary cigarette, according to one weighing test.

CCC BOYS AWAIT TRIAL IN JAIL

James Bryant, 18, and Lloyd Champion, 18, enrollees in CCC camp No. 681, are in jail awaiting trial in Circuit court. They are charged with "unauthorized taking and using an automobile of another without intent to steal the same."

It appears, according to the report of officers that Bryant had appropriated John Knecht's car at the Hay Loft, last Saturday night, and came to town. When ready to return it is reported that he was unable to start the car so he and Champion got into a car belonging to Herluf Sorenson and drove back to the Hay Loft.

The missing autos were reported to Sheriff Bennett and it didn't take long for him to round up the supposed violators. They were placed in jail and brot into Justice Peterson's court Monday where they waived examination and are bound over to circuit court for trial. Court will convene October 9th at noon.

The young men were unable to supply the \$500 bonds required by the justice so will have to wait in jail.

FORMER GRAYLING RESIDENT DIES IN GAYLOR

Jasper Hoyt, a former resident of Grayling, passed away at his home in Gaylord Tuesday afternoon. He was 81 years of age. He and his family came to Grayling in 1878 where they resided until 1902 when they moved to Gaylord. While here he was employed as engineer in the Goodale lumber mill. That was before Saling Hanson Co. located here. He was interested in athletics and was manager of Grayling's first official base ball team. No doubt many of our older residents will remember Mr. Hoyt. He was a brother-in-law to Postmaster M. A. Bates, having married the latter's sister.

New Auto Sales Up In August

Sales of new automobiles in Michigan were nearly 5,000 more during August 1934 than during August 1933, according to records of the department of state.

Last month 13,540 certificates of title were issued on new cars while during August, 1933, only 9,469 titles were issued. The sale of used cars, however, showed a slight decrease with titles on 34,039 being transferred during the month or 2,306 less than during August a year ago.

SCHOOL NOTES

Last spring there was a school-wide general test for signs of tuberculosis. For those who showed doubtful results from this, an X-ray was necessary to make sure of the exact extent of the danger. Last Thursday all X-rays were taken. As yet, there have been no returns on them, but it is to be hoped that most of the answers are favorable.

These X-rays, and their preceding tests, are only a part of the truly laudable activities of the National Tuberculosis Association, not only in this community, but all over the country. T.B. takes an enormous toll of lives and health each year, especially among young people. Working on the theory that "An ounce of prevention is worth a pound of cure," these tests have been conducted in every community, with the object of apprehending the course of this dread disease before it gets a chance to go too far and thus to, as rapidly as possible, eliminate it entirely. Persons who might otherwise never become aware of the presence of T.B. before it had become too late, are now warned at the very outset, enabling them to kill the disease before it has a fair start in its vicious campaign of death.

Two new classes have been added to the schedule this year and a change in the commercial course has also been made.

A course in Elementary Civics is being offered to the 10th grade. This subject, taught by Miss Freeman, deals with the application of the principles of government.

The other new course, Public Speaking, is taught by Miss Berry and is offered to the upper two grades. During his entire life a person finds it necessary, at one time or another, to use some form of oral speech. It is the purpose of this course to help the student overcome his faults, recognize and correct his habits of speech, develop poise and confidence, and acquire the ability to speak effectively upon any occasion.

It has been found, during the past year, that only one 45-minute period given to the study of bookkeeping, shorthand or typing is not enough to allow the student absolute mastery of these subjects. Therefore, two 45-minute periods are required for a student to receive a full credit in these courses. Miss Freeman, the Commercial teacher, devotes one period to recitations and one period to supervised study. In this way the student receives more actual individual attention and obtains a better and more complete knowledge of the course.

For the past few weeks the girls of the Home Economics department have been receiving some unusual and practical experience.

During the summer a Welfare canning project has been carried on, and since the opening of school, Miss Cole, the Home Economics instructor has been able to render both helpful and educational assistance through some of the classes. The fruits and vegetables preserved in tin cans constitute a form of instruction that otherwise would be impossible, and the girls have found this new type of canning very interesting as well as educational.

On Tuesday, Miss Edna Freeman, the State Home Economics director visited Grayling High school to go over the week. She pronounced it most satisfactory and gave assurance that the

New Brick Block Ready For Use

IS SPLENDID ADDITION TO BUSINESS SECTION

The new Hanson-Nelson block in the corner of Michigan avenue and Cedar streets is just about finished and ready for occupancy. One section of the structure was completed early in August and is occupied by the Mac & Gidley drug store. The other and larger portion will be occupied by the A. & P. Store. Already fixtures are being placed in the building and by next Monday this firm will be doing business in the new place. It will afford considerable more floor space over their former quarters—30 x 100 feet in the inside.

The building is of brick, with fine large plate glass windows for both the drug store and grocery store. Below the windows is finished in black tile which gives the front a rich and pleasing effect. The structure was built by the contracting firm of Ben H. Koenig of Traverse City. They pushed the work of constructing at a rapid pace and their promise to have it completed by October 1st was faithfully kept.

Holger (Dad) Hanson and Anthony J. Nielsen, owners of the block are to be complimented upon their enterprise. The old Boesen block that stood on the corner since Grayling was in its infancy, is now replaced by this fine, new structure. We compliment the owners and also the occupants, and we are sure the general public will join us in sincere felicitations.

HARTWICK PINES PARK TO BE OPEN ALL WINTER

Seven state parks are to continue in operation all winter. Parks open the year-around are: Bay City, Burt Lake, Dodge Nos. 4 and 10, Bloomer No. 2, East Tawas, Fort Wilkins, W. J. Hayes, Hartwick Pines, Interlochen, Island Lake, Muskegon, Onaway, J. W. Wells, Wilderness and P. H. Hoelt.

money allotted this school from the Smith-Hughes fund would be sent the last of September instead of in January. This per cent is larger than that given to many schools the same size as Grayling. The Department has added a new kerosene stove to its equipment and the electric plates have all been repaired. The classes are now ready for intensive study and look forward to a very interesting year.

Regardless of their defeat in the first game of the Grayling World series, played Monday afternoon at Navin Field (pardon us, G.H.S.) Donnie Smock's "Challengers" are still confident of their ability to beat any nine man combination the school can put in the field against them.

Some time ago, the "Challengers" announced they would take on all comers in a championship series. The sporting element, of course, would not allow such a boast to ride for very long.

Monday night the offer was accepted by a team of picked men and the grand struggle began. To make a long story short the "Challengers" came out on the small end of the stick.

This is not the end of the series, and the little team seems not in the least discouraged. "Even tho we've beaten once, we're still not licked," Donnie announced Tuesday after he had recovered from the shock.

GOLFERS COMBINE BUSINESS WITH PLEASURE

A business session was held by the members of Grayling Golf club Friday evening at the club house. Matters pertaining to the club affairs were quite generally discussed.

The suggestion of engaging the services of a pro for next season met with unanimous approval. Efforts will be made to secure the services of a capable pro and club manager.

Following the business session the ladies served an enjoyable lunch, after which many enjoyed bridge and other games.

The members are enthusiastic over the splendid condition of the course this season. The greens, which are just about the most important features of any golf course, are in wonderful condition. And the tees and the course generally is excellent, and the late season sees more players on the grounds than usual. And outsiders too find it very attractive and they return often to enjoy games here.

A ballroom party at the club house is under consideration and no doubt will be carried out. The club house is comfortably heated by a furnace, and electric lights provide the illumination and it appears that the club will be an active social center for several months to come.

LEGION HOLDS INSTALLATION

Installation ceremonies, followed by refreshments and dancing marked a pleasant evening for Grayling Post and the Auxiliary Monday evening, when the former installed their officers.

The Post was honored by having Leslie Stonehouse, district committeeman of Bay City as installing officer, who performed the ceremonies in a very nice manner, besides giving a brief talk. He was accompanied by Mrs. Stonehouse and they remained for the evening.

Following lunch, dancing to Minner's Reveliers was enjoyed until midnight. There's a spirit of friendship that exists in this organization which is hard to beat, and as a result everyone has a good time.

Following is the list of the new officers of the Post:

Commander—Frank Decker.
Vice-commander—Otto Failing.
Adjutant—Jack McMillan.
Finance Officer—Wilfred Laurant.
Sergeant-at-arms—Charles Tinker.

"Scrap of Paper"

The expression "scrap of paper" is said to have been employed as early as 1878, when on January 17 the Russian minister used it in a letter to the Rumanian foreign minister with reference to the passage of Russian troops through Rumania during the war with Turkey.

Rev. Zoller Comes To Grayling Church

At the annual Methodist conference meeting held in Saginaw over the past week end, pastors of the several churches in the district were given assignments for the coming year. Rev. E. W. Zoller has been assigned the pastorate of Michelson Memorial church of Grayling. He replaces Rev. H. J. Salmon who has been the pastor here for the past three years. The latter was assigned to the M. E. church at Grass Lake, a nice little village of about 800 population in a splendid agricultural region near the city of Jackson.

Other appointments of interest to Grayling people are those of former pastors C. E. Doty, who goes to the Ames church in Saginaw; and J. W. Greenwood who goes from Grayling to the upper peninsula to Moroni. The latter city is in Lenawee county near Adrian the county seat, and Hudson. That is a city of 1,700 population, principal resources of which are manufacturing and agriculture.

Former pastor Aaron Mitchell is assigned to Port Austin, a resort section on Lake Huron shore in the Thumb district. It is a village of about 500 in winter time but considerably larger during the resorting season of the year.

We extend cordial felicitations to our new pastor, and best wishes for our former pastors and friends, and trust that they may continue in their good work amidst pleasant conditions.

Half Million Need Licenses

Slightly more than 500,000 Michigan automobile drivers must secure new motor vehicle operators' licenses before Jan. 1, 1935.

From May 1, 1931 when the new drivers' license law became effective until Jan. 1, 1932, a total of 765,093 were granted licenses. Since May 1 this year 255,000 have secured new licenses as the old ones expired.

The department of state is issuing licenses at the rate of 3,500 a day at the present time.

THIEVES BREAK INTO COTTAGE

Someone recently broke into the cottages of Albert Pochelon and Richard Johnson on the North Branch of the AuSable and stole considerable property. Sheriff Bennett and his officers are in possession of clues that promise to round up the perpetrators and arrests may be looked for soon.

Sheriff Bennett usually gets his man even tho at times it may require some time to do so.

Michigan State College football will be on the air this fall. WKAR, the broadcasting station of the College, has completed arrangements whereby the play by play report of all games on the Spartan schedule will be brought to followers of the Green and White.

Mrs. Harry Connine and Mrs. A. J. Joseph were in Traverse City Monday and while there Mrs. Connine did some "deep sea" fishing in Grand Traverse bay. And the hooking and landing of a 7½ pound lake trout was the latter's reward for the adventure.

Mr. and Mrs. A. J. Trudeau left Sunday to spend the week in Detroit, on business and pleasure. The former's father Anthony Trudeau, who had been visiting among his children and friends here for a couple of weeks, returned to his home in Ferndale with them.

Mrs. C. J. Hathaway and daughter-in-law Mrs. Milton Hathaway, of Lake Orion, arrived Monday to visit at the home of Mr. and Mrs. E. G. Clark for a few days. On Tuesday the guests, accompanied by Mrs. George Olson enjoyed visiting the various C.C.C. camps surrounding Grayling.

During the electrical storm last Thursday evening lightning struck a transformer at the Grayling Fish Hatchery following the wires into the building and setting fire to the main structure. Nightman Russell Robertson discovered the fire before little damage had been done. That same night about an hour later while the storm still raged, lightning struck into one of the ponds killing about 20 large trout.

Charles Amidon reports the work on the storm sewers finished. For the past few weeks he and a crew of workmen built 17 new catch basins and repaired 18 old ones. This gives Grayling an excellent system of storm sewers. The next thing that is necessary is to re-grade some of the streets served by the storm sewers so that the water will drain off the roadways to side gutters. At present our streets are, in many places, too flat and water stands in the street causing holes and puddles of water. The street committee of the council hope to have regraded just as quickly as it is possible to do so. Engineer C. A. Miller is now busy laying out plans for this work.

Mrs. Harold Rodgard and son Junior, who had been visiting at the home of Mr. and Mrs. Sam Rasmussen for the past few weeks, returned to their home in Flint Saturday.

A write-up that recently appeared in the Flint Sunday Journal told of a Mr. Charles E. Pelton of Atlas, Mich., having in his possession a Western Union telegraph message, dated Nov. 4, 1858. The telegram was sent to a relative of Mr. Pelton, telling of the serious illness of his grandfather Montier Pelton, by James Cheney, a friend of the family. Mr. Cheney was the father of Mrs. Dora Winterlee of this city. The heading of the message is practically the same as used by the Company at present, only the slip is white instead of the present day color.

Question Box By ED WYNN The Perfect Fool

Dear Mr. Wynn:
A friend of mine who has been a married woman 32 years of age who sleeps in the same room with cats. Do you believe this?

Truly yours,
X. AOTING.

Answer: Sure, I believe it. Your friend probably is referring to Mrs. Katz.

I am eight years old and am in the fourth grade in school. I have to write a story about a "Southern Planter." What does the teacher mean by a "Southern Planter?"

Yours truly,
I. PUPIL.

Answer: A "Southern Planter" my child, is an undertaker who operates only in the South.

Dear Mr. Wynn:
There is so much talk about "Society" changing in the last twenty-five years. If this is true, can you describe the change?

Yours truly,
I. M. A. CLIMBER.

Answer: Twenty-five years ago you married into "Society." Today you divorce into it.

Dear Mr. Wynn:
I gave my son, who is twelve years of age, a job to break a big rock which was in our back yard. He hammered away at it for four hours without any result. I took the hammer and broke the rock with the first blow. What is the present generation coming to?

Sincerely,
AMASSA STONE.

Answer: It was easy for you to break it after your son made it soft for you.

I live in a town and go to work I must take a ferry over the river. Why doesn't the city government build a bridge?

Yours truly,
MRS. SIPPR.

Answer: They're afraid it will make the people cross.

Dear Mr. Wynn:
On my recent trip through the West the train stopped at a little town in Arizona. The conductor of our train pointed to a rough looking man on the platform and told me that the man he was pointing at had killed twenty men. Do you think cowboys are really as bad as that?

Truly yours,
O. PINSPORES.

Answer: No, I don't. In fact the fellow you saw in Arizona was not a cowboy but a taxi driver from the East who was in Arizona on his vacation.

Camp News Camp Higgins

Chas. E. W. Todd, the district chaplain, is in Chicago on an eight-day leave and services are not being held about the district this week. He plans to return at the end of this week with Mrs. Todd and the baby who will spend the winter here. His topic for next week's talk is "Get Off the Bench."

Leat. Miller of the Hartwick Place camp has been named athletic officer for the Fourth Forestry District. He will look after arranging schedules and other details that were formerly the work of the chaplain.

A forestry exhibit loaned by the University of Michigan to the educational room is on display in the recreation room. It shows the different woods of the north forest and tells of their uses. This attractive display came here from the Fife Lake CCC camp.

Tree planting is soon to be in full swing at Camp Higgins Lake. This always means the boys return to camp with painful aches in the back and the hospital will need a large stock of liniments.

Lights over the reading desk in the recreation room have been connected by Leat. Fiewelling and now the fellows just about have to line up to get a turn sitting at the table, all of which indicates it is an appreciated improvement.

October 5 and 6 have been set aside by the Century of Progress as special days for COC boys. Railroads are offering reduced fares and special rates at concessions will be given COC men in uniforms.

Camp Pioneer

Lieut. and Mrs. J. S. Tenhery and baby son are back from a 15-day leave which was spent in Galesburg, Illinois, their home town. They also managed three days at the Century of Progress.

Twenty-eight men in this company will shortly receive discharges. Some of them have served as long with the COC as regulations permit, and others have declined to re-enroll. Those on the discharge list are Louis Kraus, John Ruh, William Siderman, Kenneth Sublette, Nathan Aldrich, Walter Belleville, Elmer Benson, Stanley Budkiewicz, Sidney Gorkiewicz, Cecil Howland, William Johnson, Roy Jones, Jack Kulas, Kenneth Marks, Leslie Miller, Earl Moore, Myron Nash, Robert Nelson, Russell Opdyke, Bernard Porter, Elmer Rummel, Elmer Sager, Mimi Schneconbe, Harvey Spurgat, Julius Turkovich, Robert Tibbets, Vernon Sedlow, and Ivan Provost.

Clarence DuVall, an LEM of this camp, was nominated for road commissioner of Missaukee county at the recent primaries on the democratic ticket.

Four men to receive discharges last week were Roy Phillips, Edward Witucki, Maurice Waldoek and William Smoek. Waldoek and Witucki plan to run a gasoline station in Flint and Phillips has secured work in Adrian.

Lewis Walker, who broke his leg playing ball in camp late in May, has been returned to the camp hospital to complete his convalescing. He was first taken to Mercy hospital, Grayling, and later to Fort Wayne. He is making a very satisfactory recovery.

Recent improvements for this camp include a site-tab for laundry work in the shower room, a wringer for washings, new scrubbing boards, wash tubs, and dust pans.

During the past few days the camp hospital has been getting a new coat of white paint, and the floors have been painted gray and waxed.

The educational adviser reports that a class in shorthand will be added to the educational schedule in the near future.

For your information, the following is a list of the names of the men who are to receive discharges from the camp this week:
